WORLD CONGRESS ON

RENEWABLE ENERGY, SMART SYSTEMS, AND SUSTAINABLE POWER TECHNOLOGIES

OCTOBER 26-27, 2026 | AMSTERDAM, NETHERLANDS

Theme: Sustainable Power Technologies for a Net-Zero Future

ENERGY WORLD 2026

SUB THEMES

- Next-Generation Renewable Energy Systems
- Advanced Solar, Wind, and Hybrid Power Technologies
- Smart Grids and Intelligent Energy Networks
- Breakthrough Energy Storage and Battery Innovation
- Sustainable Nanomaterials: Advanced Solutions for Industry and Environment
- Hydrogen Economy and Power-to-X Technologies
- Digital Transformation of Energy Systems
- Sustainable Power Infrastructure and Smart Cities
- Clean Energy for Electric and Autonomous Mobility
- Clean Energy Markets, Policy, and Global Investment
- Climate-Resilient and Sustainable Energy Solutions

WHY TO ATTEND?

What you take

Attending Energy World 2026 offers a valuable opportunity to connect with experts in sustainable power technologies, explore emerging trends in renewable energy and net-zero solutions, and gain insights into cutting-edge innovations. It also supports professional growth by strengthening technical expertise, expanding skill sets, and fostering collaborations that advance careers in the clean energy sector.

WHO SHOULD ATTEND?

PRESENTATION FORUM

01

KEYNOTE FORUM / MINI-PLenary SESSIONS

Presentations under Keynote Forum or Mini-Plenary Sessions includes abstracts with remarkable research value selected by the program committee. These significant speeches are delivered by globally recognized honorable speakers and it is open to all registrants.

DISTINGUISHED SPEAKERS FORUM (ORAL ABSTRACT SESSIONS)

In this forum, speakers and experts of the research field gets an opportunity to showcase their noble research work that involves comprehensive research findings. These formal oral presentations include a wide range of talks covering basic research to advanced research findings in accordance to the theme and scientific sessions of the conference.

02

03

STUDENT FORUM / POSTER SESSION

This session is particularly introduced to encourage more number of student participation at international conferences, however it is not restricted only to students since it is also available for the participants with language barrier. There are specific guidelines to be followed to prepare the poster. Poster topic should be selected only from relevant scientific sessions with in-depth technical details.

YOUNG INVESTIGATORS FORUM

An exclusive opportunity for students and young investigators to present their research work through a formal oral presentation. Young Investigators Forum provides a global platform for young researchers and scholars to showcase their valuable contribution to the scientific world and to get acknowledged by the global scientific community of experts. It is an excellent opportunity to recognize young scientific assets with promising research ideas. These oral presentations are of shorter time duration with 10-15 minutes of informative and precise presentations in relevant scientific sessions.

04

05

EDUCATIONAL WORKSHOPS/RESEARCH WORKSHOPS/ CORPORATE WORKSHOPS/MINI- SYMPOSIA

With an aim of transferring knowledge among the participants, workshops are introduced as a part of international conferences. These interactive and occasionally practical sessions gives an opportunity for participants to engage in detail discussion. Workshops are mostly scheduled for 60 to 90-minutes. It may range from learning about a specific topic relevant to international education, products and research which sometimes involves practical demonstration. It helps in enhancing skills, knowledge and understanding of the research field in depth through interactive discussions.

HIGHLIGHTS OF THE DAY SESSIONS

“Highlights of the Day Sessions” is introduced to discuss and focus a ray upon previous day ORAL ABSTRACT presentations by experts to summarise the key findings. It helps in getting better insights into the various dimensions of the topic.

06

07

MEET THE PROFESSOR @ NETWORKING SESSIONS

This session involves open discussion between the experts and session attendees, it gives enough time for getting answers to specific questions and doubts. It is an opportunity for attendees to increase their professional networking, sometimes also leads to an excellent collaboration opportunity.

EDUCATIONAL SESSIONS/ TRAINING PROGRAMS

Educational Sessions or training programs are specifically designed for a better understanding of the latest findings and technologies. These are generally 45-minute sessions that gives an exposure to the multidisciplinary field, that provides in-depth learning experiences and address educational needs.

ENERGY WORLD 2026

CONCURRENT EDUCATIONAL SESSIONS

MONDAY - OCTOBER 26, 2026

- Renewable & Clean Energy Systems
- Solar Photovoltaic Technologies

- Floating Solar Systems
- Wind Energy and Wind Technologies
- Hybrid Renewable Energy Systems

GROUP PHOTO | COFFEE BREAK

- Bioenergy and Biomass
- Waste-to-Energy Technologies
- Geothermal Energy Systems

- Marine and Tidal Energy
- Smart Grids & Power Systems
- Microgrids and Distributed Energy Resources

LUNCH BREAK

- Power Electronics for Renewable Integration
- Grid Stability and Reliability
- Cybersecurity in Power Systems

- AI and Machine Learning in Power Systems
- Digitalization of Energy Systems
- IoT Applications in Energy

GROUP PHOTO | COFFEE BREAK

- Advanced Battery Technologies
- Grid-Scale Energy Storage

- Long-Duration Energy Storage
- Thermal Energy Storage Systems
- Hydrogen Production and Storage

CONCURRENT EDUCATIONAL SESSIONS

TUESDAY - OCTOBER 27, 2026

- Fuel Cell Technologies
- Sustainable Power & Energy Efficiency
- Energy-Efficient Buildings

- Smart Cities and Energy Systems
- Energy Management Systems
- Industrial Energy Optimization

GROUP PHOTO | COFFEE BREAK

- Energy Transition, Policy & Future Systems
- Decarbonization Pathways
- Net-Zero Energy Systems

- Carbon Capture, Utilization and Storage
- Circular Economy
- Energy Policy and Regulation

LUNCH BREAK

- Climate-Resilient Energy Systems
- Electric Mobility and Charging Infrastructure

- Vehicle-to-Grid Technologies
- Future Power System Technologies

NETWORKING... CONFERENCING... FOSTERING

Attending a Conference isn't all about Learning and Networking

DISCOVERING

A right choice of conference destination is an important aspect of any international conference and keeping that in consideration, **Energy World 2026** is scheduled in the Beautiful city 'AMSTERDAM'.

AMSTERDAM

Amsterdam holds status as one of Europe's most dynamic, diverse, and globally connected cities. Known for its strength in commerce, finance, technology, education, culture, transportation, and sustainable urban innovation, Amsterdam consistently ranks among the most influential economic and cultural hubs in Europe. Arts, business, scientific research, higher education, creative industries, tourism, and international trade are all deeply shaped by the city's global outlook and progressive character.

In terms of economic performance, Amsterdam's metropolitan region is one of the largest and most competitive in Europe, contributing significantly to the national GDP of the Netherlands. It is a leading international financial center and a prominent base for multinational corporations and startups alike. The city is home to Euronext Amsterdam, one of Europe's key stock exchanges, and plays a central role in global trade and logistics through the nearby Port of Amsterdam and its strategic location within the Randstad region.

Amsterdam is also recognized as a major center for innovation, digital technology, and sustainability, attracting global investment and entrepreneurial talent. Amsterdam Airport Schiphol is among Europe's busiest airports, serving as a vital hub for international connectivity and commerce.
